

## **AIMSA 2024 POSTER SESSION INFO**

AIMSA-Poster 2024 (AIMSA-P) is an extension of the well-established AIMSA 2024 conference that is an opportunity for young people with research interests to join our network.

The content focus of the AIMSA-P posters is directly connected to the conference topics, but they could be at different stage of the research process. That's why in the poster session we are expecting research titles not only with scientific results, but also with current results, or application for improving our life from existing research, or new ideas for research that will be classified as science or fiction from community.

Individual researchers can find out research groups with similar interests and join or combine with them.

In the conference program poster session will be announced on September 18 and it will be on September 19 20, 2024. This will be a hybrid event: in-person in the poster session place and online at the same time (<https://meet.google.com/nzj-xivp-yos>).

Content requirements: AI for well-being in three categories (research, business, ideas)

Technical requirements: A3; landscape; title; abstract; visualizations; contacts (author; supervisor)

Presentations: 3 min presentation for presenting what is the poster about, what you can give to/share with the community and what type of support you need from us.

QA: [gmomcheva@gmail.com](mailto:gmomcheva@gmail.com) or [gmomcheva@math.bas.bg](mailto:gmomcheva@math.bas.bg)

Results: certificates; best poster award; contacts; scaling up community of researchers

Registration: please register [here](#) your poster for poster session participation here

Note: If you will participate only online, please send the poster (in pdf) to QA email given

AIMSA-P virtual help: we know there are many ambitious and clever enough young people who have no experience in such events, so allow us to do some recommendations in open sessions September 17<sup>th</sup>, 2024 (10:00 or 20:00) (<https://meet.google.com/nzj-xivp-yos> ).
